PennState Health

Who We Are

Penn State Health

Penn State Health is a multi-hospital health system serving patients and communities across 15 counties of Pennsylvania. Its mission is to improve health through patient care, research, education and community outreach.

Penn State Health is experiencing unprecedented growth. In 2017, the system partnered with Highmark Health to facilitate creation of a value-based, community care network in the region.

OUR GOAL TOGETHER IS TO ENSURE PATIENTS IN THE COMMUNITIES WE SERVE ARE WITHIN:

10 minutes
OF A PENN STATE HEALTH PRIMARY CARE PROVIDER

20 minutes
OF PENN STATE HEALTH SPECIALTY CARE

30 minutes
OF A PENN STATE HEALTH ACUTE CARE FACILITY

AND NOW, WITH THE EXPANSION OF VIRTUAL CARE, PATIENTS HAVE EASIER ACCESS TO PROVIDERS FROM THE COMFORT OF HOME.

With every person, practice and partner that joins our health system, we bring more high-quality clinical care, clinical trials and education to the people of central Pennsylvania and beyond.

Penn State Health
Milton S. Hershey Medical Center
The 611-bed center is the system's flagship teaching and research hospital. Its Hershey campus includes institutes focused on cancer, heart and vascular disease and the neurosciences. Four times designated as a Magnet hospital.

Penn State Health Children's Hospital
The Children's Hospital is the most comprehensive children's hospital between Pittsburgh and Philadelphia, fully equipped to treat the most severely ill children of central Pennsylvania. Located on the Milton S. Hershey Medical Center campus.

Penn State Health
St. Joseph Medical Center
A 204-bed acute care hospital in Reading with inpatient diagnostic, medical and surgical services, earning national accreditations for its centers of excellence in the treatment of chest pain, stroke, heart failure and cancer.

Penn State Health
Holy Spirit Medical Center
A 281-bed acute care hospital located in Camp Hill and includes the Ortenzio Heart Center and a Level II trauma center.

Penn State Health
Hampden Medical Center
A 120-bed acute care hospital located in Enola featuring labor and delivery services and neonatal care in the Women and Babies Center.

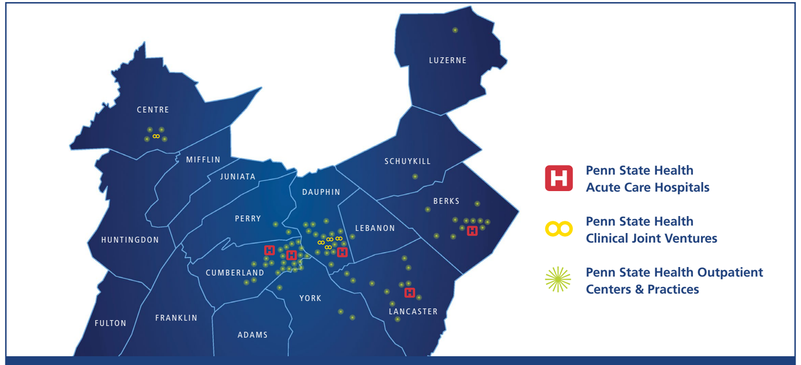

Penn State Health
Lancaster Medical Center
Penn State Health's newest community hospital opened in 2022 in East Hempfield Township, Lancaster County. With 142 beds, it provides complete medical and surgical services, a state-of-the-art emergency department and specialty inpatient services.

Pennsylvania Psychiatric Institute
Pennsylvania Psychiatric Institute, a Penn State Health enterprise, is a specialty provider of inpatient and outpatient behavioral health services, in Harrisburg.
